HUBER Solutions for Industrial Wastewater and Waste Treatment

- Complete solutions from one source
- Longtime experience in wastewater, process water, waste and sludge treatment
- Well-proven and powerful products and systems

Over many years we have developed and successfully implemented a wide range of special HUBER solutions for various industries.

We offer efficient solutions for the following industries:

- **Slaughterhouses, butcheries and meat processing**
- **Dairies and milk processing**
- **Breweries and other beverage production**
- **Paper mills and pulp industry**
- **Textile and leather industry**
- **Processing of organic waste** (energy recovery and recycling of bio-waste)
- **Processing of mineral waste** (recycling of sand and grit)
- **Processing of plastic waste**
- **Other industries**

HUBER is your experienced, reliable partner and will develop individual tailored concepts and solutions in cooperation with its

customers. The final design and process will combine the reliability of well-proven HUBER products coupled with intelligent and innovative engineering and technical solutions.

New Animation: Fully automated solar drying system for large quantities of sludge

09.06.2021 | HUBER's solar drying system evaporates up to 3 tons of water per year on one square meter of surface. We have developed a fully automated plant system that offers up to 2.5 hectares of drying surface: the system takes over the wet sludge at a transfer point and guides the dry granules until they are discharged, e.g. into containers. HUBER's solar drying system reduces sludge by 70,000 tons per year, making it suitable for large wastewater treatment plants. In the following animation at YouTube we present our solution which is already in use at various plants in a similar form.

Video: HUBER Solutions for Wastewater and Waste Treatment in Industrial Companies

05.05.2021 | HUBER offers complete and tailor-made solutions from a single source also in the sector of industrial wastewater and residue treatment. A new informative video shows how HUBER can support industrial companies in a variety of industries with their specific wastewater problems - in the manufacturing sector as well as in recycling industries. Get inspired and informed too by our short trailer on YouTube!
